How to Stitch and Flip

Draw a diagonal line on the wrong side of the patch you're adding to the unit. Place this patch right sides together with the base patch. Sew from corner to corner on the marked line as shown in the photo or diagram. Trim the seam allowance to 1/4" and flip the patch open. Press.

If after stitching, the top patch doesn't cover the bottom patch completely, skootch your stitching line a little closer to the corner you'll be trimming off.

If you need more instruction for stitch and flip, see my video: <https://youtu.be/pUV9tLiQuIc>

Making the Houses

Sew a pink G to each side of a teal H. Sew the black D to this unit. Use stitch-and-flip to add a pink C to each corner of the roof. Repeat to make 4 houses. The houses should be 4-1/2" x 4-1/2".

Making the Hearts

Use stitch-and-flip to add a pink E to each top corner of the medium red F's and the dark red F's. Paying careful attention to the direction you sew, add a pink C to the bottom of the medium red F's as shown. Repeat to add a pink C to the bottom of the dark red F's, sewing in the opposite direction as shown.

Join a medium red unit with a dark red unit to make a heart. Repeat to make a total of 4 hearts. Sew a pink B to the top of each heart. Sew a pink A to the left side of each heart unit. The heart units should be 4-1/2" x 4-1/2".

Making the Star

Use stitch-and-flip to add medium teal L's to a pink J as shown to form star points. Repeat to make a total of 4 star point units. Join the star point units, the pink I's and the medium teal M into rows as shown. Sew the rows together to make the star. The star should be 4-1/2" x 4-1/2".

Making the Block

Arrange each unit as shown. Join the units into 3 rows. Sew the rows together to complete the block. It should be 12-1/2" x 12-1/2" including its seam allowances.
