

# Make Extraordinary Scrap Quilts with Diane Harris

**Begin with something easy that uses up fabrics you already have!**

- 1. Nine Patch Jambalaya.** Use 2" squares or strips to make Nine Patches. Doesn't matter where you put the lights and darks, you can have some of each kind. Cut the Nine Patches in half in both directions. (The center point is 2-1/2" from the raw edge.) Randomly sew the patches back together in rows; always keep the tiny patch in the same position, such as bottom left. Add a border and call it good.

Sew      Cut

Mix these up with others and join

- 2. Bricks.** Cut random scraps into bricks 2 1/2" x 4 1/2". Select a light brick and a dark brick. Join as shown to make a unit. Arrange the units in 4 rows as shown. Sew the units in each row together. Sew the rows together to complete the block.

- 3. Baby Windmills.** Cut 4 light patches 1 1/2" x 2 1/2" and 4 dark patches 1 1/2" x 2 1/2". Join lights and darks together in pairs to form units, pressing toward the dark. Arrange and sew the units as shown to make the block.
